# Innovative Technology

Our cutting-edge, proprietary management backend technology revolutionizes how our business operates. This innovative platform offers unparalleled efficiency and control, providing our business with a strategic advantage in today's fast-paced world. With its advanced features and intuitive interface, the management backend streamlines workflows, automates processes, and optimizes resource allocation, allowing our business to thrive in a highly competitive landscape. Furthermore, it grants all our stakeholders the authority to effectively oversee and monitor all activities associated with their accounts and relationships within our organization.

## Customer Portal

Liberty Home Guard's Customer Portal offers a wide range of benefits to homeowners. With this online platform, customers can access their account information, submit and track their claims, review their coverage details, request service appointments, schedule technician visits and even message technicians prior to, and post their arrival.

## Mobile App

Experience the ultimate convenience of home protection with Liberty Home Guard's Mobile App! Our Mobile App offers all of the great benefits that the Customer Portal has to offer right from your phone! Protect your home with ease wherever you are!
