

**BALLOT INSTRUCTIONS FOR THE  
REAFFIRMATION OF HL7 VERSION 3  
DOMAIN ANALYSIS MODEL:  
SPECIMEN, RELEASE 2  
FOR THE MAY 2024 BALLOT CYCLE**

**April 12, 2024**

Dear Voter,

Health Level Seven (HL7) invites you to take part in a Normative ballot to reaffirm the following HL7 American National Standard (ANS):

**Reaffirmation of HL7 Version 3 Domain Analysis Model: Specimen, Release 2  
(REAFF\_V3\_DAM\_SPEC\_R2\_I1\_2024MAY)**

Per ANSI rules, any ANS subject to periodic maintenance shall be revised, reaffirmed or withdrawn five years (5) after its designation as an ANS. HL7 is conducting this ballot in accordance with the HL7 Essential Requirements (HL7 ER) section 03.04.01 (Reaffirmation of an HL7 American National Standard), to allow those parties with an interest in the ANS to record their position on the decision to reaffirm, revise or withdraw this ANS. This ballot is being conducted in accordance with the rules in HL7 ER section 02 for a Normative Ballot.

For the purposes of this ballot the question being asked is as follows:

Should the standard be reaffirmed as an American National Standard, withdrawn as an ANS, or subject to revision and brought to ballot as a new version?

Accordingly, voters should lodge their votes as follows:

- **Affirmative** – Indicates support of reaffirmation of the ANS
- **Negative** – Indicates support of either withdrawing or revising the ANS. If you support withdrawal, indicate your reasons in the comments accompanying your negative vote.

For details on obtaining a copy of the ANS under review, please refer to the Balloting Procedures section further down in this announcement.
