6. Update – Karen Courtney – UVIC – *MSFHR REACH Grant, Update*
7. Meeting Schedule
8. Adjournment

Welcome and Acknowledgement

We respectfully acknowledge that the land on which we are hosting this meeting – the land that sustains us – includes the ancestral territories of many First Peoples. Canada Health Infoway recognizes the colonial injustices experienced by Indigenous Peoples, many of which continue today and continue to affect their health and well-being. I invite all attendees to reflect on the privilege they have of living, working and playing in the territory from which you are joining this call, and invite you to commit yourself with me to having an open heart and an open mind; to forging culturally safe spaces for and relationships with Indigenous People including Two-Spirit people in Canadian health care; and in making a meaningful contribution to reconciliation through our shared work.

Purpose

Sex and Gender Working Group meeting every fourth Tuesday of month. Our next meeting is August 24th, 2021 at 9am PT/12pm ET.

Bring your knowledge and experience to this working group to develop an implementation strategy to modernize sex and gender information practices in EHR systems in Canada. In this WG we will:

- Examine expanded definition, collection, use and sharing of sex-gender info in EHRs
- Discuss current research, practices, gaps and challenges
- Work to operationalize the Action Plan

Agenda
