Add Peer Support Worker to HealthcareProviderRoleType Subset

- NL has received a request from the Regional Health Authorities (RHAs) for a new code for "Peer Support Worker" as RHAs are adding "Peer Support Worker" to their Meditech MIS Provider Dictionary. The Peer Support Worker works directly as a member of the Regional Health Authority's Flexible Assertive Community Treatment (FACT) team with Mental Health and Addictions.

HealthcareProviderRoleType Subset

- A code “PESW” (Peer Support Worker) is being considered be added to HealthcareProviderRoleType and planned to be published later in June (30th June). This subset is an Extensional that uses the SCPTYPE terminology.
- If you use this code for something else in your application or jurisdiction, and it causes a issue if implemented in the HealthcareProviderRoleType subset
- Contact: standards@infoway-inforoute.ca

Thank you!
