

## CVC Working Group Monthly Meeting

August 7, 2020

1:00pm - 2:00pm EDT

### Attendees

- Cameron Bell, CANImmunize
- Taylor Rubens, CANImmunize
- Lori Kane, MOHLTC Ontario
- Beverly Knight, CHI
- Helen Xing, BCCDC
- Dennis Sharkey, BCCDC

### Agenda

1.	<b>Welcome</b> <ul style="list-style-type: none"><li>● Attendance</li><li>● Regrets</li></ul>
2.	<b>Summary of Infoway's SNOMED CT Immunization Redesign Project</b> <ul style="list-style-type: none"><li>● Clarity needed on proposed changes (for example, awareness needed if codes are being deprecated)<ul style="list-style-type: none"><li>○ Action Item: post message on InfoCentral - talking about making changes or additions</li></ul></li><li>● Action item: Bev will follow-up - relative to CCDD</li><li>● Action item: Lori to reach out to Linda about getting more information about meetings</li><li>● Action item: Taylor to schedule regular calls after Infoway's Immunization Redesign Project meetings to discuss implications for CVC working group</li><li>● Action item: Taylor to disseminate CHI meeting information to the working group</li></ul>
3.	<b>KAMRab RFC</b> <ul style="list-style-type: none"><li>● Submit RFC as per editorial guidelines to get code ASAP and revisit later</li></ul>
4.	<b>FLUAD PEDIATRIC RFC</b> <ul style="list-style-type: none"><li>● Submit RFC</li></ul>
5.	<b>FLUCELVAX QUAD RFC</b> <ul style="list-style-type: none"><li>● Get RFC going</li><li>● One approved, one marketed</li></ul>
6.	<b>ECCNet Registry</b> <ul style="list-style-type: none"><li>● Our GTIN data is out of date (GTIN enables barcoding at point of care or in warehouse setting)</li><li>● Ontario &amp; BC agree initiating this is useful</li><li>● Action item: CVC to start conversation with GS1 - put out notice to broader community, barcoding in context of CVC and immunization registries</li><li>● Should we look at re-vamping a larger group - this group, CIRC call, CIC call?</li></ul>
7.	<b>"HealthcareProviderRoleType" Subset Addition</b> <ul style="list-style-type: none"><li>● Most things related to immunization sit in CVC, however, healthcare provider piece sitting in</li></ul>

	<p>CHI website. Proposal to align this with CVC and include a subset with all providers that can provide immunizations (e.g. subset of Infoway's subset).</p> <ul style="list-style-type: none"> <li>● In Ontario, DHIR API has specific provider type values telling EMRs to use. Ontario will start using CHI codes - goal would be to mirror within CVC so EMR vendors only have to go to one point.</li> <li>● For interoperability - we need student nurses, pharmacy students, residents <ul style="list-style-type: none"> <li>○ Lori to submit RFC for RPN, pharmacy student, nursing student code. Before submitting, wait to hear from BC for approval.</li> <li>○ Escalate to Linda to get them through ASAP</li> </ul> </li> </ul>
<p><b>8.</b></p>	<p><b>Addition of new route of administration - "Suprascapular Area," left &amp; right</b></p> <ul style="list-style-type: none"> <li>● Request from BC</li> <li>● This site is now being used to administer Rabies vaccine due to national shortage. Having this site will enable accurate documentation in BC's provincial registry and support sources systems to submit immunization record into the registry as well.</li> <li>● Action item: Taylor to submit RFC</li> </ul>
