

WHOLE-CHILD EDUCATION, ROOTED IN NATURE

At Luminaire Academy, we don't just guide — we cultivate. Students learn at their individualized level in each subject and apply critical life skills like financial literacy, healthy food habits and outdoor survival. With a Reggio Emilia-inspired learning environment and eco-resilient campus, our students are prepared not just only to be in the top 2% of student success in the nation — but for life.

SUPPORT THE MOVEMENT

Help us raise the funds to give our future the education our society needs to lead us.

Your donation will fund construction of our eco-resilient campus and cutting edge curriculum.

WHERE CURIOSITY SHINES AND CRITICAL THINKING THRIVES.

Luminaire Academy: A groundbreaking school empowering children at the root.

OUR VISION

To redefine education for all children—those with and without disabilities—by creating a safe, inclusive, and nurturing environment where every child receives the support they need to thrive. At Luminaire Academy, we meet students where they are, blending life skills, academic growth, therapy, and holistic nourishment into one seamless school experience. Rooted in the philosophies of John Dewey and Reggio Emilia, we honor each child's individuality, empower their learning journey, and foster a future where differences are embraced, not spotlighted.
