

# SR-490 ImmunizationMarketAuthorizationHolderCode

---

April 29, 2024 (For PHSC Review)

## Background

The Public Health Agency of Canada (PHAC) has submitted a subset request for proposal SR-490 Request for a subset of supplier for the National Vaccine Catalogue (NVC).

## Analysis

Canada Health Infoway completed the following work:

- Reviewed and recommended changes to the subset name and definition.
- Reviewed and recommended intensional definition for the subset.

## Questions for PHSC

1. Do you agree with the subset name and definition?
2. Do you agree with the intensional definition?

## Infoway Recommendation

### 1. Subset Name and Definition

Subset Request		Infoway Recommendation
Subset Name	ImmunizationSupplierManufacture	ImmunizationMarketAuthorizationHolderCode
Definition	This identifies the supplier or manufacture authorized by Health Canada (in Canada) for distributing the vaccine	Identifies the Market Authorization Holder authorized by Health Canada for distributing the vaccine or passive immunizing agent in Canada.

# SR-490 ImmunizationMarketAuthorizationHolderCode

## 2. Subset Concepts and Descriptions

Do you agree with the intensional definition?

Intensional definition: Market Authorization Holders of SNOMED CT tradename concepts in the immunization subsets. The intensional definition will identify the following Market Authorization Holders:

Code	Concept	Display (English)
51461000087108	Moderna Biopharma Canada Corporation (supplier)	Moderna Biopharma Canada Corporation
