4. Group Discussion and/or Questions
5. GSSO Terminology Workstream Progress / Next Steps
6. UVIC GSSO Research Team – *Update*
7. Schedule and Topics Review
8. Adjournment

Welcome and Acknowledgement

We respectfully acknowledge that the land on which we are hosting this meeting – the land that sustains us – includes the ancestral territories of many First Peoples. Canada Health Infoway recognizes the colonial injustices experienced by Indigenous Peoples, many of which continue today and continue to affect their health and well-being. I invite all attendees to reflect on the privilege they have of living, working and playing in the territory from which you are joining this call, and invite you to commit yourself with me to having an open heart and an open mind; to forging culturally safe spaces for and relationships with Indigenous Peoples including Two-Spirit people in Canadian health care; and in making a meaningful contribution to reconciliation through our shared work.

Agenda

1. Welcome and Land Acknowledgement
2. Purpose of Infoway Sex and Gender Working Group
3. Professor Blas Radi – *Universidad de Buenos Aires with special introduction by Aaron Devor, PhD*
4. Group Discussion and/or Questions
5. GSSO Terminology Workstream Progress / Next Steps
6. UVIC GSSO Research Team – *Update*
7. Schedule and Topics Review
8. Adjournment

Purpose

The Sex and Gender Working Group meets on the fourth Tuesday of each month at 9am PT/12pm ET. Our next meeting is May 24, 2022.

The purpose of this working group is to take action on modernizing GSSO information practices by:

- Examining the expanded definition, collection, use and sharing of sex-gender info in EHRs
- Discussing current research, practices, gaps and challenges
- Operationalizing the [Action Plan](#)

Action Plan

1. ***Vision and Goal*** – “Envisage an equity- and SGM-oriented health system that embraces diversity and aligns with other SGM-related initiatives.”
2. ***Engagement and Partnerships*** – “Engage organizations and communities across Canada to modernize GSSO information practices in EHRs that support equity-oriented health care and meet SGM needs.”
3. ***GSSO Terminology Workstream*** – “Establish a precise, inclusive, appropriate, evolving and multi-level GSSO terminology...”
4. ***Enabling EHR Systems*** – “Adopt a common set of EHR functions...”
5. ***GSSO Policy/Practice Guidance*** – “Integrate and tailor GSSO data collection...”
6. ***Education and Training*** – “Educate and train health care staff to enhance their capacity to provide culturally competent and safe care...”
7. ***Central Hub for Coordination*** – “Establish a central hub to liaise, guide, assist and monitor the progress of this action plan over time.”

Agenda

1. Welcome and Land Acknowledgement
2. Purpose of Infoway Sex and Gender Working Group
3. Professor Blas Radi – *Universidad de Buenos Aires* with special introduction by Aaron Devor, PhD
4. Group Discussion and/or Questions
5. GSSO Terminology Workstream Progress / Next Steps
6. UVIC GSSO Research Team – *Update*
7. Schedule and Topics Review
8. Adjournment

GSSO Terminology Workstream

- Purpose: to modernize gender, sex and sexual orientation concepts in health terminology standards.
 - Nova Scotia Health, BC, Ontario providing resources to complete work via a weekly meeting.
 - Belgium, international and national SMEs, and HIS/terminology specialists.
 - Work is ongoing and cyclical.
- Infoway as convener / collaborator / facilitator.
- Have prioritized requirements (i.e. Gender Identity concepts) common to Canadian context and Gender Harmony Model.
- Meeting held once per month on third Wednesday.
- Feedback and progress reporting to SGWG, GSSO TWS, GHP and HTC as appropriate.

Conceptual Process: GSSO Terminology Modernization

Proposed Criteria For Prioritization

1. Harmful content (highest priority).
 - Person-centred care
 - Equity-oriented design
 - Avoid downstream / clinical misgendering, misnaming, stigmatizing
 - Characterize harm
2. Erroneous content that requires correction.
3. Ambiguous content that needs to be more specific.
4. Outdated content that may be in use but requires updating.
